Summary

Hi, I'm Ayan Kumar Das, an aspiring web developer proficient in HTML, CSS, React.js, Node.js, MongoDB, Mongoose, Tailwind CSS, Firebase Authentication, and JWT. While I don't have formal job experience, I showcase a strong commitment to mastering the MERN stack through hands-on projects. I'm an eager learner with a passion for creating seamless user experiences and am ready to contribute to dynamic web development teams.

Education

Rangpur Engineering College

CSE

2020 - Present

BSC Engineering
